PRODUCT CATALOG

A photograph of a large industrial building entrance with a glass door and a blue frame. A red semi-transparent banner is overlaid at the bottom of the image.

ENTRANCE AUTOMATION

GATE & AUTOMATION

The Smartie Gate Automation Series fuses heavy-duty engineering with intelligent logic to secure industrial, commercial, and residential perimeters. Our range features high-torque Sliding, Swing, and Cantilever systems, alongside specialized Heavy Hanger, Soundproof Acoustic, and Anti-Radiation gates. Every bespoke solution is built for extreme durability, utilizing oil-bath gearboxes and reinforced rack-and-pinion drives to ensure vibration-free operation and superior structural stability.
